Partnering Opportunity For Clinical Trial Stage Projects

CLINICAL

CLIN 2

Program Objective

To create a **highly competitive** partnering opportunity for promising stem cell-based projects to accelerate the completion of a **clinical trial** for a stem cell-based therapy that addresses an unmet medical need.

Who can apply?

California Based Organizations (for-profit & non-profit):

- May use CIRM funds for eligible project costs incurred both in California and outside California.
- California organizations must have >50% of its employees located in, and paid in, the state of California, and manage the award activities from the California location.

Non-California Based Organizations (for-profit & non-profit):

- CIRM funding can be used only for allowable expenditures incurred within California.
- Applicant is expected to demonstrate by the application deadline a commitment of funds from other sources for project activities outside of California.

Award Application Information

CLINICAL

CLIN 2
