2 (a) A Grantee (or, by terms of an Exclusive License, its exclusive licensee) must submit
3 a plan to afford uninsured Californians access to a Drug, as defined in Title 17, California Code
4 of Regulations, section 100401, subdivision (e), the development of which was in whole or in
5 part the result of CIRM-funded Research.

6 (1) A Grantee must submit this access plan to CIRM no fewer than 90 days prior to the
7 time the Drug is commercialized in California, unless the agency agrees to shortened time.

11 (3) The plan shall be subject to the approval of CIRM after a public hearing conducted by
12 CIRM that provides for receipt of public comment..

13 (4) The Grantee or its exclusive licensee is responsible only for providing the Drug itself,
14 not any costs of administering the Drug or other attendant care.

15 (b) A Grantee (or its exclusive licensee) must provide a Drug, the development of which
16 was in whole or in part the result of CIRM-funded Research, at a price as provided in the
17 California Discount Prescription Drug Program (commencing with California Health and Safety
18 Code section 130500) (or a successor statewide prescription drug discount program) to eligible
19 Californians under this program.

20 (c) A Grantee or its exclusive licensee must sell a Drug, the development of which is in
21 whole or in part the result of CIRM-funded Research, and which is purchased in California with

1 subdivision (q)) at any benchmark price described in the California Discount Prescription Drug
2 Program or a successor statewide prescription drug discount program.

3 (d) This regulation is not intended, and this regulation shall not be construed, to preempt
4 or prevent any other requirement under state or federal law or regulation, or agreement or
5 contract, that would result in selling a Drug at a lower price than provided hereunder.
