

§ 100603. Publication Requirements.

(a) Within 60 calendar days of the publication in a scientific journal, or the publication of an abstract in connection with a scientific meeting, of a CIRM-Funded Invention or CIRM-Funded Technology, the Grantee must submit to CIRM a Publication Disclosure Form containing a 500-word abstract written for the general public that highlights the findings of the publication, as well as a brief statement of the Principal Investigator's biographical credentials. The abstract and biographical statement will be publicly-available by CIRM.

(b) One copy of each publication or abstract must accompany the Publication Disclosure Form. The form will identify the Grant Number, Grantee Institution, Principal Investigator and provide space for information identified in subdivision (a) of this regulation.

(c) A Grantee must ensure that the final abstract or manuscript includes the URL of a website where a Materials Transfer Agreement (or similar document) can be accessed to facilitate requests for Publication-related Biomedical Materials.

(d) Any written or oral publication reporting a CIRM-Funded Invention or CIRM-Funded Technology must acknowledge CIRM funding. An example of an acknowledgement is:

“This research was made possible by a grant from the California Institute for Regenerative Medicine (Grant Number _____). The contents of this publication are solely the responsibility of the authors and do not necessarily represent the official views of CIRM or any other agency of the State of California.”
