

## CIRM logos

Welcome to the CIRM logos download page. Please follow these guidelines:

- Use of the main logos is preferred except when a single color logo is required.
- Except for resizing, do not alter the logos.
- To ensure legibility, the logos should never be used in a size smaller than 0.25 inches high
- Minimum clearance to the edge of a page or other graphic elements is half the height of the large capitalized letters:

- To download logos, right-click on the [jpg], [png] or [eps] links and save the image file to your computer
- Note: png files have a transparent background, jpg files have a white background
