

CIRM Funded Clinical Trials

Phase 1 Clinical Trial of Autologous GD2 Chimeric Antigen Receptor T Cells for Diffuse Intrinsic Pontine Gliomas and Spinal Diffuse Midline Glioma

Disease Area:	Brain Cancer
Investigator:	Crystal Mackall
Institution:	Stanford University
CIRM Grant:	CLIN2-12595
Award Value:	\$11,998,310
Trial Sponsor:	Stanford University
Trial Stage:	Phase 1
Trial Status:	Recruiting
Targeted Enrollment:	54
ClinicalTrials.gov ID:	NCT04196413
