

Heart disease: Progress toward stem cell therapies, a live Google Hangout

Watch this Google Hangout to learn about recent progress in developing stem cell therapies for heart disease. Hear from stem cell clinical trial participant Fred Lesikar, stem cell experts Dr. Joseph Wu (Stanford) and Dr. Bruce Conklin (Gladstone Institutes) and CIRM science officer Dr. Cathy Priest. For more information about heart disease research funded by California's Stem Cell Agency visit our heart disease fact sheet
