

Spotlight on Disease Team Awards - Genetic Skin Disease: Marius Wernig

Spotlight on Disease Team Awards - Genetic Skin Disease: Marius Wernig

Marius Wernig, M.D., spoke at the "Spotlight on Disease Team Awards: Genetic Skin Disease," an educational event presented at the CIRM Governing Board meeting on February 4, 2010. Wernig is an assistant professor of pathology at the Institute for Stem Cell Biology and Regenerative Medicine in the Stanford School of Medicine. He is a co-principal investigator on the CIRM Disease Team that is developing a stem cell-based therapy for epidermolysis bullosa.

The CIRM-hosted event was presented at the UCSF Mission Bay campus.
