# CIRM

CALIFORNIA'S STEM CELL AGENCY

## CIRM 2.0 and Grants Management

## Updates

California Institute for Regenerative Medicine

# Agenda

- CIRM 2.0
- New Program Announcements
- Grants Administration Policy (GAP) for 2.0 Awards
- Other Updates
- Q&A

## Our Mission

Accelerating stem cell treatments to patients with unmet medical needs.

# CIRM 2.0

## Purpose:

- To create a process at CIRM for attracting, awarding and administering grants that better serves our mission. If successful, this should lead to:
  - More high quality applications
  - Reduced cycle time
  - Accelerated progression of projects
  - Financial savings
  - Clarity

# CIRM 2.0: Clinical Stage Programs

## New Program Announcements:

- [15-01](#): pre-IND to IND
- [15-02](#): any phase clinical trial through BLA/NDA approval
- [15-03](#): accelerating supplements to existing CIRM-funded projects

# CIRM 2.0: Clinical Stage Programs

# 2.0 Awards

## Awards Characteristics

### 1. Operational Milestones (OMs)

# CIRM 2.0: Clinical Stage Programs

## Award Characteristics:

2. Suspension Events
3. Clinical Advisory Panels

# Interim GAP for Clinical Stage Programs

## Major Features:

- Self-certification of protocol approvals
  - No PARs for Rebudgeting or Carryforward – also for 1.0 awards
  - Reporting Requirements
  - Post-Project Savings
- [Interim GAP](#) may be edited until finalized in early 2016

# Other Updates

- **Funding Opportunities for Discovery and Translation**
  - With separate Interim GAP for those awards
- **CIRM Grants Management System**
  - Financial Reports – online, no excel template
  - Progress Reports – streamlined, enrollment tables for trials

# Question & Answer

**Thank You!**
