

# North Star Review Board for the CIRM Alpha Clinics Network

**North Star Review Board (NSRB)** provides IRB services focused on protecting participants and serving investigators. Our board members are leaders in ethical review with unmatched experience. As a 501(c)(3) nonprofit, we have no purpose other than our explicit mission.

## KEY SERVICES PROVIDED

**Thoughtful and informative reviews** by a research partner committed to learning.

**Simple and reasonable fee schedule** designed to make ethical review accessible to sites with lower funding levels.

**Extensive experience** with rare diseases, registry research, social behavioral studies (e.g., patient-reported outcomes).

**Collaborative approach to reviews** – our determinations are always fully explained grounded in regulation and explicitly stated ethical considerations.
