

**Amendments/Updates to Grants Administration Policy for Major
Facilities Grants As Approved by the Facilities Working Group on
October 2, 2007 for Recommendation to the ICOC**

UPDATED LANGUAGE FOR SECTION G. 2. *Naming of Facilities*

In recognition of the substantial contribution of the State of California in construction of new facilities for stem cell research, grantees shall include CIRM in the naming or designation of a building that was funded or partially funded under RFA 07-03 subject to approval of the ICOC. The naming may include recognition of other donors, honorees or contributors. CIRM recognizes that the primary third-party donors would be expected to receive primary and/or dominate recognition in the naming of the building. Such naming shall remain in effect for the useful life of the facility for as long as it houses stem cell related programs. Naming proposals shall be submitted to CIRM for approval by the ICOC prior to completion of the project

**UPDATED LANGUAGE FOR SECTION F. *Commitment to Use Space for Stem Cell
Related Research***

CIRM funded facilities will house stem cell and related research funded by CIRM and other sources. Grantees must assign CIRM funded facilities to stem cell related research for a minimum of ten years
